Limited review report to the board of directors of L&T Finance Holdings Limited for the nine month period ended December 31, 2015

Introduction

We have reviewed the accompanying statement of unaudited consolidated financial results of L&T Finance Holdings Limited ("the Company") and its subsidiaries and associate ("the LTFH Group") for the nine month period ended December 31, 2015. This statement is the responsibility of the Company's management and has been approved by the board of directors on January 22, 2016. Our responsibility is to issue a report on these financial statements based on our review.

Scope of review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards prescribed by section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Other matters

We did not review the financial statements of four subsidiaries included in the consolidated financial results, whose interim financial statements reflect total assets of Rs. 2,688,287.78 lakhs as at December 31, 2015; as well as the total revenue of Rs. 204,667.93 lakhs and net cash flow amounting to Rs. (61,774.68) lakhs for the nine month period ended December 31, 2015. These interim financial statements and other financial information have been reviewed by other auditors whose reports have been furnished to us, and our opinion on the consolidated financial results, to the extent they have been derived from such interim financial statements is based solely on the report of such auditors.

We further report that in respect of one associate, we did not carry out the review. These financial statements have been certified by management and have been furnished to us, and in our opinion, insofar as it relates to the amounts included in respect of an associate are based solely on these certified financial statements.

Since the financial statements for the nine month period ended December 31, 2015, which were compiled by management of the company, were not reviewed, any adjustments to their balances could have consequential effects on the condensed consolidated financial statements. However, the size of an associate in the consolidated position is not significant in relative terms. The consolidated financial statements include the net carrying cost of investment of Rs. 4,664.56 lakhs and current period share of net profit of Rs. 213.34 lakhs in respect of an associate. Our opinion is not qualified in respect of this matter.

Financial Performance for the quarter and nine months ended 31st December, 2015

Consolidated Profit for the quarter grows by 17%; Loans and Advances grows by 23%

Consolidated Profit (before exceptional items) for the nine month period grows by 17%

L&T Finance Holdings (L&TFH) today released details of their financial performance for the quarter and nine months ended 31st December, 2015.

Highlights:

- **Growth in assets:** Loans & Advances as on 31st December 2015 grew by 23% y-o-y to Rs. 55,694 Cr. as compared to Rs. 45,225 Cr as on 31st December 2014. This has been in spite of substantial negative growth in farm equipment business. The growth has been led by healthy disbursement growth of 40% on a y-o-y basis in our key focus areas i.e. operational projects in renewable energy and roads; retail B2C products – housing, microfinance and two wheelers.

The Average Assets under Management (AAUM) of the investment management business grew by 17% to Rs 25,059 Cr as compared to Rs 21,336 Cr for the same period last year. The share of equity assets increased to 41% of the total AAUM, reaching Rs 10,268 Cr representing a 37% increase on a y-o-y basis.

- **Profit after Taxes (PAT):** The Consolidated PAT for the quarter grew by 17% y-o-y to Rs. 212 Cr compared to Rs 182 Cr in the same period last year. The operating performance has continued to remain steady with healthy margins, steady fee income and stable opex. The asset management business continues to contribute positively.
- **Asset Quality:** Sequential increase in Gross NPA% largely on account of the stress in rural markets. Gross NPA% shows a reducing trend on a y-o-y basis despite above normal delinquencies in Farm portfolio indicating that NPAs in other business have been contained.

Net NPA %	1.98%	3.42%	1.79%	2.23%

Commenting on the results and financial performance, Mr. Y. M. Deosthalee, Chairman & Managing Director, L&T Finance Holdings, said, “We are happy to report a healthy 23% growth in loans and advances along with a 17% growth in profits for the quarter on a y-o-y basis. This has been despite the slower than expected pick up in the overall economy and significant cash flow pressures in the rural markets. Our focus on financing operational projects in renewable energy and road sectors, and select segments of retail

B2C products has enabled this. Our philosophy of being a comprehensive financial services player is playing out positively in terms of maintaining a consistently healthy growth in assets and profitability over the last 8 -10 quarters, with stabilization in the overall asset quality.”

Profit after Taxes

Growth in profits has been a result of consistent and steady improvement in key operating parameters along with stabilization in the overall asset quality in the lending business and positive contribution by the asset management business. Net Interest Margins (NIMs) for the lending business has shown a 20% growth y-o-y to Rs 750 Cr (5.63%) from Rs 623 Cr (5.66%) in the same period last year.

Outlook:

Consolidating and strengthening our position as a leading financier of operational projects with particular emphasis on renewables and roads and further enhancing our presence in retail B2C products (tractors, 2 Wheelers, microfinance and housing finance) will continue to be the key growth drivers. We expect overall asset growth for the current fiscal year to be around 25%.

The Company is focused on improving returns in all its businesses. All key operating metrics have remained consistent to improving over the last 8 – 10 quarters. As the economy turns around, it is expected that credit costs will come down gradually.

As per RBI norms the Company will migrate to reporting NPAs on 90 day basis. While this is expected to result in an increase in GNPA's, our assessment shows that our current provisioning norms will adequately take care of actual loss experienced on the ground
